

K-LOVE serves our family and local community with a positive message and wholesome music.

Without K-LOVE, our local listening area would be negatively affected in that hundreds (possibly thousands) of families tune into and count on the encouragement that this vital station provides. Any replacement to this station would be inferior.

With all of the negative, hurtful and discouraging things being reported and propagated over the airwaves, K-LOVE provides hope to those who want and need it!

Thank you for your time!
